G. Gurecki 2nd: J. Guevara Yes: Roll Call All No: 0

Public Comment: None

Reports: None

Old Business: None

New Business: None

Commissioner and Staff Comments:

1. Update on mapping marihuana establishment types. Vester spoke about his discussion with Don regarding GIF mapping facilities unfortunately, we do not have the capability to do so, he is reaching out to Main Street Planning to obtain maps once we get a clearer picture of instruction of moving forward. Don spoke in regards to waiting for action from the City Commission to determine planning commission next steps. Chuck Miel, does not feel planning commission and Main Street planning did not follow city commission guidelines. He feels the planning commission needs to present a full ordinance, Don's response was for medical guidelines and the planning commission was waiting for instruction from the city commission on adult use as well. Chuck Miel plans to discuss this at the next city commission meeting.
2. Discuss amending the Stanton Planning Commission Ordinance: Commissioner

Holloway pointed out that the ordinance does not accurately reflect state guidelines regarding ex officio members. Cliff Bloom, our city attorney, was involved to help comprehension of ordinance. We will be correcting ordinance, to list 2 ex officio members from the city out of the 7 planning commission members who will be going to City Commission. Chuck Miel would like the new ordinance to also state that the city manager is a nonvoting member acting as a board liaison.

Public Comment:

City Commissioner Holloway would like to point out that the city commission is not currently considering the ordinance. Don did not want the city commission regarding changes coming. The Planning Commission is waiting for instructions back from the city commission. The City Commission should consider minutes as sent. It was Commissioner Miel who wanted to wait until April 1st meeting minutes were approved.

Adjourn: 1st: C. Miel 2nd: G. Gurecki Yes: 7 No: 0

Submitted by: Mayor Williams, Planning Commission Secretary
