Review Millard's landscaping plan with John Horn - Brief overview John Horn has spoken Donna K, pea stone. Millards had not seen her flower diagram. The 3 foot of her back yard is Millard's responsibility. They haven't heard from her since the pea stone was placed. Chair Smucker does not feel it is the role of planning commission to intervene in plant discussion as long as drainage has been addressed. Trees will not be placed on Hometown Floral Properties. Millards plans to have landscaping done within approximately 30 days. Miel is still concerned that the adjacent property owner was not invited. Discussion was had of how meetings are posted for the public and information is available to anyone. K. Thwaites has made a motion to accept the plan as presented.
